Detailed allergen information is available upon request and online. We cannot guarantee the total absence of allergens in our dishes. Our fish dishes may contain small bones and our olives may contain fragments of stone, please take care. Burgers cooked medium carry a higher risk of food poisoning. Unlike a steak, a burger needs to be cooked through to reduce that risk. The Food Standards Agency recommends that children, pregnant women and anyone with a weaker immune system have their burgers well done. Please ask us for more information.
