Wagamama

Whether meeting for a meal, or stopping off for a coffee, The Atrium provides the sustenance you need in the surroundings you deserve. Find food inspired by many corners of the globe, from pizza to tacos, and Wagamama to Wildwood.

There's plenty more on the menu too, including the irresistible Pizza Express, classic Nandos, and Creams, where indulgent ice creams, milkshakes and desserts are the order of the day.

With such a delicious choice of eateries, we're fully prepped for every visitor. Be it groups of social shoppers, families enjoying our entertainment venues, or local workers looking for a tastier lunch break.

Our good food ethos extends further than the dishes in our restaurants. Our partnership with Olio, the food sharing app, reduces food waste whilst supporting local families.

IT'S A *Work* LIFE THING

You're always made to feel welcome in this community. The Login Business Lounge is a flexible coworking space where business is anything but boring. Carefully curated meeting rooms create inspirational atmospheres, such as the meeting room with an aeroplane wing table.

It's a place for the growing number of solopreneurs and working-from-home employees to share ideas and take care of business in a relaxed yet professional space. Even non-members can sit back and take in the café culture vibe. As well as individuals connecting, and teams building relationships, it's a space for events that seek to boost learning and develop the local community.

"It's where shoulders relax and their eyes light up. The perfect blend of home and office work, ideal environment and super fast connectivity for wi-fi, networking and coworking"
